

## INSTRUCTIONS TO RUN THE CODE

All parts are placed in one driver class to make grading easier and demo purposes.

Initially the driver is completely commented out. Since some parts depend on other parts, please follow instructions below to run each part.

### 1. Running Part 1

Uncomment Part 1 driver and leave all drivers commented out.

### 2. Running Part 2

Uncomment Part 2 driver and leave all other drivers commented out.

### 3. Running Part 3

Uncomment Part 2 and 3 and leave all other drivers commented out.

### 4. Running Part 4

Uncomment Part 2, 3, and 4 and leave all other drivers commented out.

### 5. Running Part 5

Uncomment Part 2, 3, 4, 5 and leave all other drivers commented out.
